Dear Sir,

**CONSTRUCTION OF TWO-STOREY AFRICA CENTRE OF EXCELLENCE BUILDING FOR THE COLLEGE OF ENGINEERING, KWAME NKRUMAH UNIVERSITY OF SCIENCE AND TECHNOLOGY, KUMASI.**

**REQUEST FOR APPROVAL FOR THE USE OF SINGLE SOURCE TENDERING METHOD**

The College of Engineering (COE) is one of the six (6) colleges in the Kwame Nkrumah University of Science and Technology (KNUST), Kumasi mandated to train professionals in engineering namely: Civil Engineers, Electrical Engineers, Mechanical Engineers, Chemical Engineers, Petroleum Engineers, Telecommunication Engineers, etc.

Over the years, the population of our students have increased exponentially making the need for space for lectures, studios, workshops and offices very inevitable.

The College of Engineering through its developmental partners, the World Bank, has received funding for the project.

In realizing this dream, the College has decided to implement the project in accordance with the requirements by the World Bank. Unfortunately, if the institution is unable to start the project by the end of January, 2022 the funds for the projects will not be available.

Due to the limited time available, management has identified a well-resourced Contractor with capacity to undertake the construction and completion of the project within the limited time and in that direction, we wish to adopt single source tendering method to engage Messrs Antartic Limited.

The project is estimated to cost Six Million, Three Hundred and Eighty-Three Thousand, Six Hundred and Fifty-Six Ghana Cedis, and Sixty-Eight Pesewas (GHS 6,383,656.68). The scope of works for the project

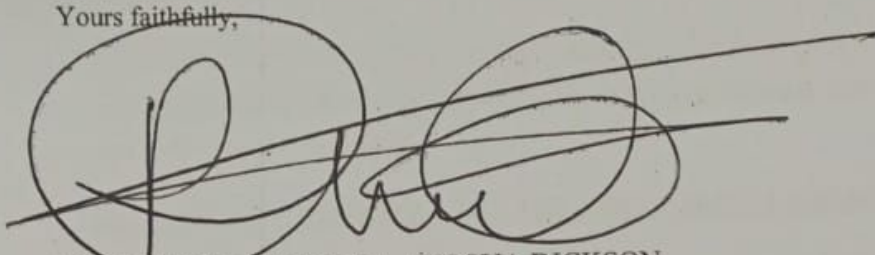

are : Substructure, Structural Frame , Windows/Doors/Stairs, Floor finishes/Wall finishes/Ceiling finishes/ Painting and Decorating, Electrical Installation, Plumbing, Air Conditioning, Fire alarm installation ,Solar panel system installation, Stand-by generator, Elevators, Borehole and External works.

We therefore, seek approval to adopt single source tendering in accordance with section 40(1)(d) of Public Procurement Act, 2003 (Act 663) as amended by Act 2016 (Act 914).

Attached is the priced bills of quantities.

It would be very much appreciated if approval is given us to proceed with the works which are scheduled to be completed for use by the beginning of the next academic year.

Yours faithfully,

**PROFESSOR (MRS) RITA AKOSUA DICKSON  
VICE-CHANCELLOR**
